

## THE WAR.

### DE WET WORSTED AND LOSSES HEAVILY

British Losses also Severe.

Australians suffer their first serious reverse.

Winnipeg, June 17.

London, June 15.—Lord Kitchener reported on the war office from Pretoria, as follows: "During the march from Vrede Gen. Elliott's column engaged De Wet near Reitz on June 6th. After severe fighting they captured twenty-one loaded wagons, forty-five prisoners, fifty-eight rifles, 1,000 rounds of ammunition and 4,000 cattle. The Boers left seventeen killed and three wounded. Our casualties were three officers and seventeen men killed and one officer and 24 men wounded."

London, June 16th.—Lord Kitchener has called from Pretoria under today's date as follows: "Near Wilmsburg, 250 Victorian Mounted Rifles from General Beaton's column, were surprised in camp at Steenkalkgruit by a superior force of Boers, at 7.30 a.m. June 12th. The enemy crept up in a white short range and poured a deadly fire into camp, killing two officers and sixteen men and wounding four officers and thirty-eight men, of whom twenty-eight were slightly wounded. Only two officers and fifty men escaped to Gen. Beaton's camp. The remainder were taken prisoners and released. Two ponies were captured by the enemy. Full details have not yet been received."

## General Telegraphic News

The Shamrock on her way to America.

Scip Commission sitting again.

British Journalists to write up Western Canada.

Manitoba Railway Extension.

C. P. R. Tractmen to strike at six this morning.

W. R. Bull tells to an English Syndicate.

Early Harvest Prospects in Manitoba.

Big Toronto Failure.

Winnipeg Tractmen Get it in the Neck.

Resisted Miners are Strongly Union.

Shipwreck on Lake Winnipegosis.

Mackenzie & Mann's Cape Breton Railway Finished.

Diphtheria and Measles in Volunteer Camp.

Shamrock 2nd has reached the Clyde. Here will be no more trial races in English waters previous to the American cup races.

Yorkton, N.W.T., June 15.—The half-breed commission conducted its session at Birle yesterday and arrived here last evening. They proceeded to Fort Poly tomorrow morning where the sitting will commence on Monday. At Birle the commission sat from the 10 a.m. to the 11 a.m. and dealt with 16 claims for half-breed scrip of which 10 claims were allowed and 56 and 35 money scrip issued. Forty-two cases were disallowed, the balance being reserved for additional evidence to be furnished at other points. The number of claims preferred at Birle largely exceeded expectations. About thirty families from the United States were present to prefer claims at that point. The commission being already started, were unable to finally deal with the claims which will be disposed of during the sitting of the commission at Killarney. Competition amongst very buyers is very keen and half-breeds are realizing good prices.

A number of leading British journalists have reached Winnipeg on their way to write up the resources of Western Canada.

Local government officials have made an inspection of the proposed Southlake Valley extension route.

Montreal, Que., June 16.—The strike of C. P. R. trackmen will begin tomorrow and both sides express themselves as confident of the result. Mr. Wilson, president of the brotherhood of railway trackmen says of the 5,000 or so employed in that department fully 90 per cent are members of the association. They are well organized and sure to win. On the other hand Mr. McNeill says he does not believe such a large percentage belong to the organization and in any case the company is assured of plenty of men to operate the line as usual.

The C. P. R. trackmen's strike has been called from 6 o'clock this morning. No order has been received in Winnipeg up to last night by the men.

A field of wheat headed out has been discovered in the Manitowish district, Manitoba.

Toronto, Ont., June 15.—The firm of Taylor Bros., the house well known over the Dominion engaged in paper making and brick making, have assigned. No figures are yet obtained but it is believed the failure is a bad one. Liabilities are several hundred thousand dollars. The assignment is made to E. R. C. Clarkson. This firm is one of the oldest in the city.

The rate of taxation in Winnipeg may be 24-25 mills.

Three non-union men were escorted out of town by 200 Roseland miners.

Winnipegosis, June 16.—A small steamer used as a tug and owned by the Northwest Fish Co., sprung a leak and sank suddenly on Friday morning six miles from Big Island, toward the north end of the lake. Six men on board had a narrow escape. Four of them got into a small punt, the other two were in the water supported by some stacks of cord wood for half an hour until rescued by their comrades. There was a heavy sea and the little boat was overloaded and was kept afloat with difficulty. An empty butter tub was fortunately picked up and used to bail out water. The party was three hours making land. The steamer will likely be a total loss.

Halifax, N.S., June 16.—Messrs. Mackenzie & Mann's Cape Breton route opened for passenger traffic on Saturday.

Niagara, Ont., June 15.—One case each of diphtheria and measles has developed in the military camp. Both are being dealt with by the army medical corps and placed in isolated tents in the hospital line.

Count Von Walderssee will be created a prince.

Dottie Farnsworth won the six day bicycle race in Winnipeg.

Several Canadians competed in the track races at the Buffalo exposition. The destruction of the Leyland steamer Assyrian, off Cape Race, is complete.

Principal McDiarmid, of Brandon, opened a new Baptist church in Winnipeg.

The United States trap shooters won three straight in the British tourna ment.

Mayon Carscallen, of Nanapan, Ont., has been nominated by Lennox conservatives.

Five hundred Filipinos under Gen. Cailles, have expressed a desire to surrender.

Summaries appear of the Sabbath school and home mission reports presented at the Presbyterian general assembly, Ottawa.

Two Methodist clergymen Rev. Solomon Cleaver and Rev. Dr. Gustaf Farnell their Winnipeg congregations. Ottawa, Ont., 16.—The three judgeships vacant in Quebec will be filled in a few days. Judge Lavergne will be transferred to Montreal from Hull and Mr. Rochon will get his place. The other two new judges will be Mr. Fortin, M. P., and Mr. Tremblay, of Montreal.

Toronto, June 16.—The corner stone of the new preparatory school in connection with upper Canada college was laid Saturday afternoon, Lady Minto coming from Ottawa to perform the ceremony. Lieut. Col. Denison chairman of the board of governors presided. A pleasant garden party with a large and fashionable attendance formed the interesting function in connection with the proceedings.

Roseland, B. C., June 15.—A fire occurred in the city this afternoon. An explosion took place in Daniels & Chambers paint shop and was followed by a fire that threatened to burn several blocks. The fire department had a hard fight for half an hour, but finally won out. The damage to the stock and wall papers was heavy and the whole building also suffered seriously. Linton's book store next door was damaged by water to the extent of \$500.

## LOCAL.

—River has fallen a foot.

—Roads are improving rapidly.

—Baseball practice to-night in uniform.

—Rev. J. R. Matheson, of Onion Lake, is in town.

—Dr. Harrison returned from Westaskwin Saturday night.

—J. W. Shera, M. L. A., and wife, returned from Regina Friday.

—Camilla pie-act on Wednesday. The Edmonton football team will be present.

—A committee meeting of the reading room will be held Thursday night at 8.30 p. m.

—I. S. Cowan has been appointed solicitor for the Edmonton branch of the Union bank.

—Forty Russian-German settlers and two families from the States came in Friday night.

—Showery on Saturday afternoon, changeable and clearing on Sunday. Clear, calm and warm to-day.

—Forty homestead entries for homesteads in the District East district were made at (Wetaskwin Friday.

--Saturday night's train arrived at 11 p. m., about four hours late.

--Mail arrives by Monday's Tuesday's, Wednesday's Thursday's and Friday's trains. Saturday's train does not yet carry mail, nor does Monday's outgoing train.

--Supt. Constantine, of Fort Saskatchewan, left Saturday for Calgary to meet his wife and son, the latter having quite recovered from his recent severe illness in Toronto.

--Two cases of small pox have developed at Wetaskwin. One is a land-seeker who was travelling through the country, the other is a merchant who arrived some four weeks ago from the east. Both have been quarantined and are doing well.

--A. W. Lumpkin, of Sault Ste. Marie, returned to his home in the States on Saturday. Mr. Lumpkin has spent some months in Edmonton and takes back with him a good opinion of the country and people. He intends returning in the fall.

--Benjamin Hardy, an expert moulder, arrived from Lethbridge on Friday to take a position in the Edmonton machine shop. Mr. Hardy was employed in the Lethbridge foundry until its recent destruction by fire, previous to that he resided in Toronto.

--At an early hour last Wednesday morning Oliver Melberg discovered a large brown bear and her cub making their breakfast off a heap of potatoes peeled dumped out the back door of the immigration hall here. The cub took to flight and its mother ambled after it. Mr. Melberg, being unarmed, allowed them to depart unmolested.

--C. W. Sutter, immigration agent, went to Calgary last week to look over immigration along the C. & E. From Ponoka south the country is flooded. The government tents at Dunsbury and Olds are filled with settlers who are unable to get out, to view the country or locate homesteads. Much more rain has fallen at C. & E. points than at Edmonton.

--At a meeting of the Industrial Exhibition Association directors held Saturday it was decided to brush out from among all the trees on the grounds. A further decision was arrived at to mark off and sell reserved seat tickets for the grand stand. Seats will be sold the night previous. Donald Ross was appointed director in charge of the grounds until the opening of the fair.

--Dr. Patterson, of Winnipeg, who some weeks ago visited Edmonton in connection with the late small pox epidemic, returned Saturday night from the east. He comes to arrange on behalf of the government, the two towns' accounts in connection with the suppression of the epidemic. Dr. Patterson has been appointed by the federal government to full control over the epidemic in the Territories.

--H. Belcher, census enumerator for the Westok district, was in town last week, accompanied by P. Maki, who acted as an interpreter among the Galicians, who form the greater part of the population of that district. They report crops very good in the settlement, and further advanced than elsewhere in the surrounding country, partly because of early sowing and partly because the soil is of a warmer nature. They found no traces of small pox among the Galicians, although it had been prevalent at both sides of their settlement. There has been a very large increase of population this season by immigration, the new-comers occupying the houses of their older settled relations while looking up locations for themselves and preparing their houses.

## NEW ADVERTISEMENTS

BARBER WANTED.

For a week, commencing 1st July. Good wages paid. R. HOCKLEY, Edmonton.

## Estray Pigs.

Strayed onto the premises of the undersigned on June 12th, half black and white spotted sow (sore place than white) with litter of five. Owner is requested to take away at once and pay per piece.

J. HAROLD, Jr., N.W. 15-54.

TENDERS WANTED.

Tenders for the construction of a four-foot plank sidewalk on the east side of Fourth Street, N. E. R. from Jasper Avenue to McKay Avenue, with two street or side, will be received by the undersigned up to 5 p. m. on Wednesday, June 13th, 1901. Particulars will be supplied on application.

By order.

GEO. A. KINCAID, Secretary-Treasurer Town of Edmonton.

## Colonization Farm Lands

For Sale in Townships 54 and 53, Ranges 21 and 23, on easy terms of repayment.

C. P. HARRIS.

Apply to Beck & Emery, Advocates, Edmonton. 6671

## NOTICE.

To the Rulers of Fort Saskatchewan School District No. 21.

All outstanding taxes must be paid at once to the undersigned, otherwise proceedings will be taken at once as provided in the School Ordinance.

By order of the Board.

JNO. F. FORBES, Treas.

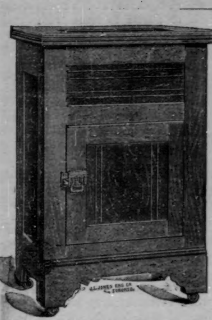

W. C. FOLLAND, Collector.

## MAGNETIC HEALING.

J. A. DRYSDALE, PSYCHURGY.

Representative of Suggestive Therapeutics of Mind and Matter as a Curative Agency for all pain and nerve trouble.

## J. T. BLOWEY

BABY CARRIAGES AND GO CARTS from \$3.00 to \$20.00.

J. T. BLOWEY, Edmonton and Strathcona.

### Special Features of our Refrigerators:

All free cleanable, Galvanized steel or racks. Improved bright tin provision shelves which allow free circulation. Zinc lined throughout. Large ice chamber. Large doors. Solid bronze lever handles which draw doors tight. Short legs which make long provision chamber. Prices, \$11, \$12.50, \$15, \$17, \$19, \$22.

### Our Carpets and Curtains

Are moving beyond our best expectations. And we are not surprised after all. There is no secret about it, we bought largely, bought for cash, bought close and marked them close, that's all.

### FURNITURE.

Well, you are becoming as well acquainted with this part of our business as we are. When you want Furniture you come to Blowey's, get it and are satisfied and so are we. Should you not be, return the goods, get your money and again we are both satisfied.

## Defective Glasses.

Glasses exactly right two years ago may be far from right to-day.

The eyes change. We will examine your eyes free, and will only recommend a change if absolutely beneficial.

G. H. Graydon, DRUGGIST AND OPTICIAN, Edmonton, Alberta.

## Howey's Meat Market.

Having resumed the butcher business, I respectfully solicit a call from my old patrons and an inspection from all others.

I have on hand a full line of Fresh Meats and Sausages. Cured Meats maturing. Fish and Game in season.

W. R. HOWEY.

Pure Lime Fruit Juice,

Insect Powder,

Fly Poison Paper,

Sticky Fly Paper

..AT..

MacDonald's Pharmacy.

## BROME Grass Seed...

400 Pounds Cheap to clear.

POTTER & MacDOUGALL.

\$10.00 REWARD.

Lost from premises of undersigned, one black mare five years old, mane out off. Branded I-S. One grey horse branded I-C on left side, also white spot on left side. Had better on. One cream horse branded D. Apply to John Dombinski, Sec. 6-5-19, West P. O., or F. Wagner, Edmonton. 616.

## F. MAYERHOFER DYE...

Clothes Cleaned and Dyed. EDMONTON DYE WORKS

FOR SALE.

A large, well-finished dwelling, and two lots in the west (N. 1). Good stable and other buildings. 64

F. FRASER TIMES.

## Free Admission

With every cash purchase of \$5.00 and over from now until July 4th, we will give a free ticket of admission to the .....

## BIG FAIR

to be held at Edmonton on

JULY 1st, 2nd, 3rd and 4th.

W. T. HENRY & Co

## EDMONTON'S CASH STORE.

## J. H. Morris & Co.

Business notices, Stations wanted, Found,  
lost, Notices of Meetings, in solid form, 25  
cents or under 50 for one insertion and a cent  
a word for each word over 50.

EDMONTON BULLETIN, JUNE, 17th, 1901

## THE BIG FAIR.

The Edmonton summer fair is in-  
cluded to be a holiday fair, a race fair,  
a show fair and a sale fair. It is held  
at the time of year when, if ever, there  
is a heavy and fine weather combined  
throughout the Northwest. The growth  
of grass, grain, and vegetation gener-  
ally is in its most luxuriant stage;  
just before hay cutting begins. Once  
before the Northwest farmers have  
not known what future is until  
New Year's. Hay is followed by har-  
rowing, and harvesting by threshing  
and fall plowing and then by market-  
ing the grain, so that although our  
faint weather is in the fall, and that  
is the season when the returns of the  
year can best be compared, experience  
has shown that farmers are then too  
busy to take the interest in an agri-  
cultural show necessary to its success.  
In Eastern Canada the conditions are  
different. There the harvest is so  
early that there is ample time in the  
fall for attendance at the show fairs  
which are such a feature in that part  
of Canada and have done so much to  
towards the improvement of farming as  
a business.

In the matter of fairs as in other  
matters we must adapt ourselves to  
the conditions that we cannot change,  
therefore July has come to be  
regarded as the season for fairs  
in the West. After all  
this is a great deal, in favor  
of the summer fair, especially in Al-  
berta. Live stock is, or should be,  
the mainstay of the western farmer, and  
in all departments it is at its best in  
July, and can be transported and fed  
at least cost, unobscured and risk.  
Hides and dairy products can, with  
care, be shown almost as well in  
July as at any time. Grain is quite  
as available for exhibition in July as  
in October—indeed more so—for  
threshing is not generally completed in  
time to allow of full competition at a  
fair. Grasses can very well be  
cut and sent season for exhibition dur-  
ing the next, and a very interesting  
exhibition of grass of the current season's  
growth can also be made. The  
great advantage of farmers having  
time to take part in a July show far  
more than balances the disadvan-  
tage of inability to exhibit the com-  
plete vegetable growth of the then  
current season.

There are special reasons why there  
should be unity of endeavor through-  
out Northern Alberta to make the Ed-  
monton fair a success. North Alberta  
is an agricultural country. Although  
really a part of the same fertile belt  
which extends from the Red River to  
the Rocky Mountains by way of the  
Saskatchewan valley, to the tourist  
and prospectors coming here by train  
it appears to be cut off from the agri-  
cultural region of Assiniboia and  
Manitoba by a vast stretch of purely  
grazing country. Being so cut off  
from the agricultural region of the  
west there is room for doubt in the  
minds of strangers as to whether the  
appearance of favorable conditions here  
is borne out by results. It is there-  
fore in the interest of every part of the  
Far West that means should be taken  
to establish and publish the highly sat-  
isfactory agricultural results achieved  
in this. This can best be done by bring-  
ing the results from different sections  
together in comparison, and showing  
stances in which they can be seen by  
everyone and patently recorded. This  
is the end which can only be achieved  
by an exhibition. And only by an  
exhibition on a large scale where there  
are good facilities, ample accommoda-  
tion, desirable attractions and ade-  
quate prizes. All these are necessary,  
first to bring out the exhibits and sec-  
ond to bring out the people to see them.  
To do this and do it successfully re-  
quires capital to an extent beyond the  
resources or emulation of any but a  
wealthy and enterprising community.  
Edmonton men have taken up the pro-  
ject, rather because circumstances  
seemed to call upon them for the neces-  
sary effort than because of any hope  
of personal or local profit. The exhibi-  
tion association are spending their  
money, they are assuming very con-  
siderable responsibilities in the sole  
hope of getting up a fair that will be  
a pleasure and a credit to the people  
of Northern Alberta. They are spar-  
ing nothing and will be well satisfied  
if they do not lose.

It is only fair to say that they are  
being met half way by the C. P. R. in  
the matter of rates, by the western  
hormen, and by the public generally  
both local and outside. The round trip  
passenger rate of \$3.00 from Red Deer  
and \$5.75 from Calgary, is very rea-  
sonable, although the latter is not  
quite as low as was given last year.  
Rural fares pay half rates going and  
return. Delivered stock when in car-  
lots and for sale also goes at half rate,  
but must be accompanied by certificate

of breeding. So far the committee  
have the promise of 25 horses to enter  
for the several events with a possi-  
bility of the whole of those now taking  
in the Manitoba circuit—fifty more.  
There is every prospect of a goodly  
representation of the stock breeders from  
the C. & E. line taking the opportu-  
nity of exhibiting the pick of their herds,  
not only with a view to the prizes, but  
also having an eye to the auction sale  
to take place if sufficient stock is of-  
fered. In miscellaneous attractions the  
committee have been successful in  
securing a list which has never before  
been seen in Alberta.

Not the least attractive part of the  
exhibition will be the show ground. It  
is not too much to say that it is not  
equalled in the Northwest nor sur-  
passed in Canada in beauty or suitabil-  
ity of situation and surroundings. It  
occupies a large square on the river  
flat below the Hudson's Bay Fort and  
above the bridge. It is overlooked by  
both Strathcona and Edmonton from  
a height of about one hundred and  
fifty feet. The Saskatchewan forms  
the south boundary of the grounds and  
on the opposite side the high bank,  
is upon which Strathcona stands,  
steep and broken and covered with  
spruce, birch and poplar. Behind the  
grounds and at a distance the north  
bank of the valley slopes up smoothly,  
partially covered with poplar and  
crowned by the buildings of the town  
of Edmonton. The westerly half of the  
ground within the enclosure is clean  
and smooth as a lawn having been a  
cultivated field of the Hudson's Bay  
Company for nearly a hundred years,  
and only recently being allowed to  
grow up in grass. On this part the  
half mile oval track, fifty feet in width,  
is laid out according to the most ap-  
proved plans, and fenced on the out-  
side. In the centre of the track circle  
is a space prepared for games and  
sports. The easterly part of the  
grounds is occupied by a beautiful  
grove of poplar, part of which  
is being cleared out for drive ways and  
the placing of booths. The grand  
stand as on the east side of the track.  
It is 27x200 feet and has seating capac-  
ity for 1500 people. The space below  
the grand stand is fitted up for ex-  
hibition booths, fifteen in number.  
All have already been rented. Several  
dining halls have been arranged for  
on the grounds. These are not yet  
erected. The agricultural hall is east  
of the grand stand and is 37x70, two  
stories high. Stabling is provided for  
25 race horses on the ground and 150  
sheds and pens for live stock on ex-  
hibition are being erected. Every-  
thing is being pushed to be in readiness  
in good time for the opening on Tues-  
day, July 1st. Entries for exhibi-  
tion must be made on or before Friday,  
June 28th.

## EDMONTON AGAIN.

The Winnipeg Telegram of June 7th,  
has the following:  
"Snow fell intermittently for about  
18 hours in Winnipeg yesterday, but  
not much, and frost crystals com-  
menced as it fell, 6 inches of snow is  
reported at Edmonton, N. W. T., and  
Neepawa, Man., and 2 inches at Bran-  
don. At midnight in Winnipeg the  
thermometer dropped below 32 de-  
grees Fahr., and frost crystals com-  
menced to form on the rain soaked  
streets. The snow showers show that  
the crops are most benefited by the  
moisture, though the effects of the  
snow and slight frost have not as yet  
been detected."

It is the standing custom of Mani-  
toba newspapers to libel the Edmon-  
ton district in regard to weather, crops,  
and the results of the weather on the  
crops. A recent case was the statement  
of the above last spring that Edmonton  
crops were not fit for seed, at a time  
when the needs of Manitoba were being  
supplied from Edmonton. But the  
Telegram's report of six inches of snow  
here on the 5th or 6th of June is prob-  
ably the rankest case. It would ap-  
pear that the snow fall of the 6th was  
general, throughout Manitoba, but was  
serious in its result. It did not  
occur in the Territories—certainly not  
in this part. But the Telegram in or-  
der to let Manitoba weather down  
lightly, gratuitously announces six in-  
ches of snow at Edmonton, when not a  
flake had fallen. A very little snow  
fell in Southern Alberta on Tuesday,  
the 4th, and on that day a few large  
flakes fell at Edmonton, but they did  
not show on the ground and were only  
seen in the air for a few minutes. No  
frost followed. But as frost followed  
the snow in Manitoba, we may expect  
to hear from the Telegram that there  
was two inches of ice at Edmonton.

## CHALLENGE ACCEPTED.

The accountants have taken up the  
gauntlet—or mitt—thrown down by the  
professional men and a baseball match  
is being arranged to take place Wed-  
nesday night on the old race track.  
Many of the accountants are old-  
time players, having been members of  
the Tecumseh's and other noted east-  
ern aggregations. They are naturally  
confident of a walkover. The medical  
men, for their part, consider the van-  
quishing of the accountants a foregone  
conclusion and play chiefly for the pur-  
pose of giving a few necessary pointers  
to the regular team.

## OBITUARY OF MRS. HARDY.

The funeral of the late Mrs. E. G.  
Hardy took place Friday afternoon  
from the late residence of deceased,  
First street, to All Saints' church.  
Prayers were held at the house, and  
at the church a touching funeral ser-  
vice was conducted by Rev. H. A. Gray.  
The casket bearing many floral trib-  
utes from sympathizing friends was  
borne into the edifice by the pall-  
bearers, Dr. Roy, C. W. Cross, W. W.  
Lums, J. S. Cowan, E. P. Hobson and  
W. S. Edmiston.  
After services at the church the  
funeral procession proceeded to the Ed-  
monton cemetery, where the interment  
took place, the burial services being  
conducted by Rev. H. A. Gray.

## EDMONTON CLIMATE.

It appears from a number of Mani-  
toba and Northwest exchanges that a  
flurry of snow occurred generally  
throughout Central Canada about  
Wednesday, June 6th. It does not ap-  
pear to have done any harm, but rather  
good, especially in Manitoba, where  
the moisture was needed. The afore-  
said exchanges, however, are not con-  
tent with recording the snow fall in  
their own localities. They seem to  
pay more than usual attention to the  
affairs of their neighbors on this oc-  
casion, and go out of their way to re-  
cord the visitation to other districts.  
A considerable number have seen fit  
to favor Edmonton in this regard as  
the scene of a heavier snow fall than  
anywhere else in the West. It is no  
part of the Bulletin's business to de-  
cry the climate of other places, but it is  
its business to see that the climate of Ed-  
monton is not so outrageously misrep-  
resented. In order that there may  
be no mistake as to what kind of  
weather has prevailed at Edmonton the  
Bulletin publishes herewith the re-  
cord of the government meteorological  
observatory for the first fifteen days  
of June, giving the highest and lowest  
temperatures and the rainfall.

Note.—On the forenoon of Wednes-  
day, the 5th, snow flakes could be seen  
in the air for ten or fifteen minutes.  
No trace of snow appeared on the  
ground.

## DOMINION FINANCES.

Ottawa, June 7.—The statement of  
revenues and expenditures for the  
eleven months ending May 31st, last,  
was issued by the department of fi-  
nance to-day. It's revenue for the  
eleven months was \$46,571,254, as  
against \$45,107,144, or an increase for  
current fiscal year of \$1,464,110. The  
revenue compared with the expenditure  
shows a surplus of \$10,455,936, or in  
round figures eleven million dollars.  
This is an ordinary expenditure.

If capital expenditure, which  
amounts to \$8,731,242, is deducted  
there is still left a surplus of over one  
million and a half dollars. However,  
it is not expected that this or any  
amount will be deducted from the pub-  
lic debt during the present year, al-  
though there will be a good surplus  
over the expenditure on ordinary ac-  
count.

The expenditure for eleven months  
was \$35,626,248, an increase of \$3-  
060,667 as compared with eleven  
months in 1900. The capital expendi-  
ture for eleven months was \$8,731,242,  
an increase of \$1,502,751. In regard  
to the revenue it may be said that  
there was an increase from all sources  
except customs, which shows a very  
light reduction, about \$60,000. The  
month's returns, however, show a  
show a considerable increase. The  
total revenue for the month exceeded  
that of May last year by \$355,056. The  
expenditure for the month was in-  
creased by \$231,000. When the year's  
returns are made next month,  
the showing will be fully better than  
was predicted by Mr. Fielding in his  
budget speech.

## A Terrible Explosion

"Of a gasoline stove burned a lady  
here frightfully," writes N. E. Palmer,  
of Kirkman, Ia. "The best doctors  
couldn't heal the running sore that  
followed, but Bucklen's Astringent  
entirely cured her." Infallible for Skin  
Corns, Sores, Boils, Bruises, Skin Dis-  
eases and Piles. See at Macdonald's  
Pharmacy.

**1,000,000 DOLLARS**  
Represents the past sales of the

be pleased to have you call  
and see my goods.

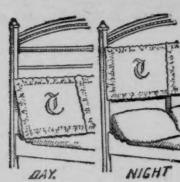

**H. Sigler.**

## Notice.

Fifty Dollars reward will be given for the proper  
information that will lead to the conviction of the  
party or parties who are circulating through the  
country that the Frost & Wood Harvesting Machi-  
nery will not be sold in the Edmonton District this  
year. Those reports are very damaging, cowardly  
and untruthful and can only be produced by op-  
position. This machinery has been sold by us in the  
past and will continue to be handled by us during  
the season.  
Their machinery has been sold for 54 years in  
Canada. A record which no other company can  
match.  
We also can furnish repairs for machinery made  
from that date. This we do not contradict. But  
we do not carry any other representative here to do the  
same.

KELLY &amp; BRALS.

## Pillow Sham Holders.

The famous

## Tarbox Sham Holder

Is just the article you have been looking  
for. It does not crease or soil the sham  
and any child can use it, while the price is  
so reasonable you can't afford to spend your  
time in folding shams.

The Tarbox is the only sham holder that  
can be attached to iron beds.

Price 75 Cents.

McIntosh & Campbell,  
Upholstering, Picture Framing, Under-  
taking.
